## The Bull Sale

The Fifth Annual Lacombe Bull Sale, held on Wednesday last, was the largest and best yet. Over eighty bulls were offered for sale, and everyone sold. As will be seen from the figures below, the prices were good in almost every case. One thing was forcibly demonstrated by the prices of the dairy bulls offered, and that is that dairymen have not as yet taken a very firm hold of the stockmen. Almost every layer present was after the best animals. E. L. Richardson had all arrangements complete, as usual, and the sale passed off without a hitch, many of the animals being shipped to the various destinations on the night of the sale.

The sale was, in the opinion of many buyers, better than the Calgary sale, the bulls being in better condition. It was also suggested by some visitors that Lacombe district breeders might find it profitable to hold all their animals for the Lacombe sale, as this district is recognized as the home of the best stock in the west.

W. J. Beasley gave general satisfaction to the buyers, and selling public, and rushed the list through in record time.

Following is a list of the animals sold, their purchasers and the price paid:

**AYRSHIRE BULLS.**  
Lorna's Choice, the property of E. F. Kerr, Wimbourne, sold to W. Hardy, Didsbury, price \$55.00.

## ITEMS OF LOCAL INTEREST

More amateur photographers who know the value of having their films developed and printed here. We do excellent work and give satisfactory results.

H. S. CAMERON, Lacombe, Alberta.

A lawn social will be given on Thursday evening, 5th inst., on Mrs. Henry M. Trimble's lawn. Strawberries and cream, ice cream and other refreshments, music, games and auto rides, admission free.

Mrs. W. S. Mooney is visiting her daughters for a short time.

E. H. Jones has moved his law office from the Day Block to the Gilmore Block.

The fashionable complaint in the majority of Lacombe homes at present is in the teeth.

Mr. H. F. Kenny took a trip to Gaster the last of the week, remaining over Sunday.

Mrs. Wells of Bailey Avenue, has gone to Edmonton for an extended visit to friends there.

Assessment notices for 1913 are now completed and will be mailed to the ratepayers during the next week.

The Gull Lake livery has secured a motor boat, and during the season will extend their service to the water as well as the land.

Don't forget Mrs. Young's sale of household goods on Saturday afternoon next at 1:30 sharp, at her residence, Alberta street, next to English Church. Terms cash.

E. J. Tett left last night for a two weeks' visit to his old Ontario home. This is Mr. Tett's first holiday in seven years. In his absence the town work will be looked after by Mr. E. J. Broadbury.

You are invited to come and enjoy the lawn social tomorrow (Thursday) evening, 5th inst., on Mrs. Henry Trimble's beautiful lawn, under the auspices of the Epworth League of the Methodist Church.

Mr. Moal, from Vancouver, who recently purchased a section of wild land near the Cut not school, across the road from Walter Simpson, is busy preparing to build and improve the land. It will add very much to that district when this section is under cultivation.

Tuesday morning a little stranger came to the home of Mr. and Mrs. Wm. McNaughton, of Lyle Avenue. He will go through life with the honor of having his birthday on the same day as King George V.

Word having been received that there was some intention of removing Rev. F. W. Locke from Lacombe, the Quarterly Board sent a delegation consisting of C. B. Denike and H. M. Trimble to Medicine Hat on Monday to urge that Mr. Locke be allowed to remain here.

Remember the lawn social to-morrow (Thursday) evening, 5th inst., on the lawn of Mr. H. M. Trimble, Day street. In case of unfavorable weather it will be held at a social in the Methodist Church.

Mrs. J. Hayden is offering all her household goods by public auction on Saturday next, at 1 o'clock, at her residence on Barnett Avenue, just across the C. P. R. track. The furniture is all good, and among it is a first-class Uxbridge oven in piano case. Terms will be given or stock will be taken in exchange.

Judge Lee confirmed the arrears tax roll of the town on Wednesday last. All land on which the taxes were not paid on the 28th inst. have now been reverted to the town. The late owners have one year in which to redeem their property. Edward Barnett was the only rate-

payer who appeared before the judge to object to his assessment, but as the taxes were fair and just the judge upheld the assessment.

Principal Carruthers, of the Lacombe High School, has been advised that the departmental examinations for grade VIII, IX, and X will be held this year on June 23, 24, 25, 26, 27, 28, and 30. The dates for the examinations in grades XI and XII are June 26th to July 6th inclusive. Lacombe is one of the centres where the examinations will be held.

Frictioned by an auto that almost ran into them, the delivery team of T. Thorp started out for the country yesterday about noon. The pole in the wagon dropped just after they started on their long journey, and delayed them long enough for some parties nearby to capture them. The wagon was badly damaged. It might be well to make an example of some of the reckless auto drivers.

The Weiss Hotel at Gull Lake is again in operation. The staff went out on Thursday last to prepare for the busy season that is already opening up. Mr. McPherson also has the "Thistle Inn" and the staff for the year out in full dress for operations. The lake shore at present does not present a very restful appearance, as owing to the large number of workmen engaged there it is a hive of industry.

The Stationing Committee of the Alberta Conference of the Methodist Church, which stations all the pastors in the Conference year by year, has made out its list for the year. A number of important changes are made, but the only change affecting Lacombe district is Bentley, where H. M. Harriets succeeds H. Haddon. This does not involve revision and further changes are likely to be made.

The Local Camp of the Modern Woodmen of the World, the largest brotherhood society in Alberta, attended church in a body on Sunday last. The brothers of the Order, with their band and regalia, marched from their lodge room to the Methodist Church where, in the absence of the pastor, the Rev. S. Nicholson presided. An audience that filled the church listened to a sermon on the relation of friendly societies and kindred organizations to the Church and to Religion.

Gen. Johnston, whose store is in the Hotson Block, Norton street, has decided to go out of business, and is holding a grand auction sale of his splendid stock on Saturday afternoon, June 7, commencing at 1 o'clock. His stock comprises everything in the line of suits, caps, mitts and gloves, overcoats and rubbers, cameras, baby carriages, jewelry of all kinds, fur coats, underwear, in fact everything of the general furnishing line. There is no reserve, and the terms are cash.

W. E. Tett purposes, with his prize-taking stock, making the round of all the western fairs, a circuit of several months. Fearing that this absence would interfere with his usefulness on the Board of Trade, in which he has taken an active part in the past, and believing that a member of the Executive should always be in his place at the bi-weekly meetings, he has resigned his position on the Council of the Board. The Council regretfully accepted it and elected F. S. Lewis to fill the vacancy.

A team driven by F. M. Dolbe became unmanageable yesterday morning, and tearing down the avenue crashed into A. S. Stewart's auto. Mr. and Mrs. Stewart and their children were in the car at the time and narrowly escaped serious injury. If not death. So heavy was the impact that the car was thrown about forty feet, and the occupants badly shaken up. They escaped with no more serious injuries than a few bruises. The car did not come out so well, the back being badly broken, as were the lamps and wheel shield.

Many residents of this portion of the province are completing arrangements to attend the Calgary Exhibition in July, and from the information which is received, it is considered that the grand arrangement for that week there will be something doing all the time. From an exhibition point of view there is assurance of a very large display

in all departments. The live stock section, especially, is expected to be a feature, and the reputation which Alberta has received as a stock country will be again amply demonstrated.

Mrs. B. S. Cameron will not receive again this season.

M. Mckenzie, optician, will be at the Adelphi Hotel on Monday, June 10. If you have eye troubles that other opticians have failed to cure, consult him. He has had over twenty-five years' experience in optical work.

The U. F. A. picnic yesterday held by the Lakeside Union, was attended by hundreds from all parts of the district. With speeches, games of various kinds, and plenty of refreshments for the youngsters, a most enjoyable day was spent.

Miss M. Lockwood, of Winnipeg, is giving a series of lessons in Art Needle Work and Embroidery Work in A. Urquhart & Co.'s Millinery Department this week. All ladies of Lacombe and district are invited to call and see Miss Lockwood and join her class.

M. Mckenzie, the celebrated optician, will be at the Adelphi Hotel on Monday, June 10, for that day only. Mr. Mckenzie has had twenty-five years' experience in the treatment of eye troubles of all kinds, and it will be to the advantage of anyone troubled with their eyes to call and consult him.

Cleopatra, one of the grandest picture plays ever produced, delighted a large audience at the Comet last night. This is a beautiful production, and lovers of art should not miss the opportunity of seeing it. Over 5,000 feet of film is used and the performance lasts nearly two hours. The price of admission has been placed at 25c. To-night (Wednesday) is the last appearance of this play in Lacombe.

After a few months' absence in California, B. F. Bailey, one of Lacombe's old-time citizens, arrived in town on Friday last. Mr. Bailey has large interests here, and will spend the next three months looking after them. While Mr. Bailey likes California very well, he still has a warm spot in his heart for Lacombe, and says that, without doubt, Lacombe and district is the best part of Western Canada. He has just completed the erection of a splendid residence in Los Angeles, and is preparing to take up his abode there. Mr. Bailey and the family are in the best of health. B. F. was one of the best and most consistent boosters Lacombe ever had, and we hope to see him come back for good in the not distant future.

Yesterday was the boys' day in Lacombe. School children in large numbers turned out with their parents to see Al. Barnes' three-ring circus. The show, while not lacking in any of the features essential to a circus, was principally an exhibition of feats by well-trained animals of every description. Dancers, horses, diving monkeys, kicking canines, growing tigers, wrestling bears, shoving elephants, and best of all, perhaps, slight of hand acts, tossing billiard balls, made a combination of interesting and thrilling feats to delight the heart of the venturesome boy or girl. The show apparently was devoid of many of the objectionable features that so often accompany travelling shows.

## The Board of Trade

The Board of Trade is getting down to work. The executive is composed chiefly of optimists who expect great things. But they are not the class of men who believe that if you lie under a plum tree long enough, a ripe plum will drop in your mouth. They believe in shaking the tree, and the tree is being shaken vigorously. The first asset of Lacombe is the unexcelled farm lands, and every possible effort is being taken to make the most of that. But the work does not stop there. The Council of the Board on Friday, it was decided to go much further. Lacombe as a railway centre is bound to attract wholesalers and manufacturers. The Secretary was instructed to write a grant arranged for that week there will be something doing all the time. From an exhibition point of view there is assurance of a very large display

needed. There is abundance of it within easy reach of the town. Both natural gas and water power, which in the form of electricity may be easily transmitted, are within reach. The secretary was instructed to obtain all possible information as to the terms on which these can be obtained. There is no reason why gas may not be obtained at home, and there is good prospect that a well will be drilled here this season, but a gas well in a new district is always an uncertain matter. However bright the prospects may be, but in any case it can be brought in. With natural gas and unlimited cheap electricity power, Lacombe will soon become a place of importance in the country. The secretary will be definitely what to expect, the better.

## Big Land Deal

Sixteen thousand dollars is the handsome figure at which Chas. Stucke gave an option on his farm on Monday to the Hotson Land Co. This farm is just west of the town and joins Fairview Sub-division. It is the intention of the Hotson Land Co. to sub-divide this property in the near future and put the lots on the market. Remember that the Grand Trunk Pacific freight station and the freight buildings near this place. The Stucke farm is one of the most desirable properties around Lacombe. It is considerably higher than the present level, and affords a splendid view of the surrounding country.

## ACADEMY NOTES

Pastor H. Humann returned from the south last evening, and on the following Friday left for Edmonton to spend Sabbath with the German church. While there he had the privilege of baptizing twelve persons.

Mr. Robt. Van Buskirk arrived from Brooks Thursday evening and left with his wife and children for that place, where he is engaged in railroad construction, the following day.

Mr. J. W. Wiseman, Conference secretary, returned from his visit to Beaver, Midnapore and Calgary on May 30.

Christian Wislock left last Sunday for Edmonton.

The family now consists of Mrs. A. J. Beardsley, Miss Selma Shestled, Wilma McCreedy, Helen Milne and Billy Aumun.

The regret to report that little Lily Van Buskirk, one of the primary school pupils, met with an accident the other evening. Lily, who was out playing with her friends, climbed a ladder from which she had the misfortune to fall to the ground, breaking her right elbow and breaking one of the bones below. Dr. Lynes was summoned from Lacombe, and he quickly attended to these injuries, and at this writing Lily has sufficiently recovered to enable her to accompany her mother to Brooks, where they will join Mr. Van Buskirk, railroad contractor.

## GENERAL CONFERENCE S.

A. D. During the past four years the Sabbath schools of the Seventh-Day Adventist movement in North America gave \$282,775.30 for the furtherance of the gospel in foreign lands, according to a report rendered by Secretary George B. Thompson, before the delegates at the world conference of Seventh-Day Adventists now in session in Washington D.C. An extract of this report has been received by Miss Georgia E. Middleton, secretary of the Sabbath school of the local Adventist church, and the members were much interested in the progress mentioned in it.

During the quadrennial period of 1905-08, the Sabbath schools gave \$273,131 to missions, the increase over this amount during the quadrennial period ending in 1912 being \$9,644.36.

The motto adopted at the present session of the General Conference for the coming four years was "a million dollars to missions." The report further showed that in 1905 the denomination had 3,747 Sabbath schools, 1,260 of which were in foreign fields and 2,478 in America. During the four years of the General Conference period the schools had grown to 4,472, of which 1,845 were in foreign lands and 2,627 in home fields, making an increase of 574 foreign and 136 home Sabbath schools since the last General Conference. Four years ago there was a membership in the Sabbath schools of 85,943, of which 22,011 were in the foreign fields. During the quadrennial period there has been an increase in membership of 25,170, of which 23,078 has been

in foreign lands and 1,492 in the home fields, the membership thus having grown during the past four years.

During the four years 3,543 of the Sabbath school scholars have been converted, and most of them baptized.

Since 1907, when the first deposit for missions was made by the schools, they have donated \$1,313,580 for missions. The record of offerings in missions in 1912 from the Sabbath schools was said to be especially encouraging, as during the year \$239,029 was given, which was an increase of \$71,540 over 1911. Four years ago the Sabbath schools of the denomination were giving less than \$2,000 a week to missions, now they are giving almost \$5,000 a week.

The members of the local Sabbath school are especially interested in the recommendations made to the General Conference, and are as follows:

That attention be given as never before to make the Sabbath schools a great power in saving souls; that some plan be devised at this Conference which will result in increased study of the lessons; that the Sabbath school workers' training school be continued; that the officers of the Sabbath school be elected the same as other church officers, and serve for one year instead of six months as at present; and that the secretaries for the Sabbath school work in the various conferences be chosen who can give their entire time to that work.

## The Mix-up at Ottawa

After being in force for forty-six years, and being lauded as the last word in constitutional government, the British North America Act, (the act which formed the Dominion of Canada and fixed the mode of government), seems in danger of breaking down. It is being tried as never before, and it is not yet clear what the end will be. What is the power of the House of Commons? What is the power of the Senate? What is the power of the Opposition? Can the latter block any legislation it sees fit? The answer to these questions are now being fought out, and history is being made very rapidly.

No matter who an official may be or what position he holds, if he is capable and trustworthy the more power he has the better. But if he is incapable or inefficient much power is dangerous. This is even more true of a leader of the Opposition. Has he the right to call on the members of his party in the Senate, if they are in the majority, to defeat the action of the House elected by the people? This power and right Sir Wilfrid Laurier assumes and claims.

At the last Federal election Mr. Borden promised Federal aid to the building of country roads in all the Provinces of the Dominion. This his government attempted to do at his first session of parliament, and passed it through the House of Commons, opposed unsuccessfully by the Liberals, but it was thrown out by the Senate. In the present session it was again passed by the Commons and thrown out by the Senate.

At the same election the Conservative party promised a comprehensive naval policy. This policy was to be carefully worked out and submitted to the people before being finally passed. All this takes time. In studying the question and forming plans, Mr. Borden discovered the urgent need for immediate help. The heads of this department in England, pointed out the need of doing something before the permanent policy could be formed and submitted to the people. Accordingly he conferred with the British authorities and found out what some assistance would be most acceptable to them and most valuable to the Empire.

On this basis a temporary policy was worked out and submitted to parliament with the understanding that it would not affect the permanent policy to be submitted later. But one of two items in the proposal did not suit the leader of the Opposition. He rallied his followers about him and claimed the right to block and legislation not acceptable to him, at least until another election should be held. As the Opposition is usually diametrically opposed to the government on all important questions, this claim simply means, if admitted, a general election every time the government brings in an important bill. The government did not admit the claim, but passed the bill through the Commons in spite of the Opposition. It is now before the Senate, and Sir Wilfrid has called on the Liberals there (and they have the majority) to defeat it.

The purpose and intention of the Senate was to guard against mistakes and errors in legislation. Not only must the Commons read each bill three times and go over it in committee, but the Senate must go over it carefully and give its sanction. Now the members of the Senate are appointed from time to time by the government. When either party has been in power for some time, that party secured a large majority in the Senate. When that party is defeated by the people and driven from power, it still has the majority in the Senate. This is the position of the two houses today. The elective house is Conservative. The Senate is Liberal. The leaders of the Liberal party are trying to use the Senate to defeat the intention of the House of Commons, rather than to detect any mistakes that may have been made. Will the Senate do it? Can they do it? The fight is on this week and we will soon know.

And if they can do it, what then? It will be proven that the British North America Act was faulty, and we have an impossible system that makes popular government impossible. The electors do not rule, but the appointees of a past government, and these men continue to rule, or rather the makers of rules that they see fit, until they die. Of course Canada will not stand that. If it is proven that this construction can be put upon the Constitution, then the Constitution must be

amended. The elector must have control. The representatives elected by the people must not be held up by any irresponsible parties.

There is no real need of anyone being troubled with constipation. Chamberlain's Tablets will cause an agreeable movement of the bowels without any unpleasant effect. Give them a trial. For sale by Lacombe Drug Co., Ltd. (2)

## Imperial Federation

For a long time the Federal union of the British Empire, when the different parts of the Empire will be as closely and as equally united as the different Provinces in the Dominion, has been the dream of the most far-seeing statesmen in the Empire. But those who have longed for and labored for it, have done so with fear and trembling. The people of Great Britain are so conservative. The other parts of the Empire were supposed to desire it almost unanimously, but would it be possible to make such a proposition acceptable in the British Isles? It has been feared not.

But the whole question has been precipitated apparently prematurely. It has become necessary for all parts of the Empire to co-operate in building a navy. Should we have one navy or many? The question involved much for the future. Australia and New Zealand compromised and took action that pointed toward one navy but did not finally settle the question. Canada, under the Liberals, took some action but pointed to individual navies for all parts of the Empire, each acting independently of the other, but also not finally settling the question. It became necessary for Mr. Borden to commit himself and he did not mince matters. He believes that in union there is strength. A number of little navies with out bases or colonies is only money thrown away. He had before him Laurier's attempt to create a little navy which had ended in failure and ridicule. Borden boldly declared for one navy for the Empire. The people of the Empire endorsed it. If the most powerful nation on earth has a navy overhauling all others, reluctant to fight, but ready to chastise any who will fight without cause, fights will be less frequent.

But a navy for the whole Empire will mean a governing body for the whole Empire, with authority to speak for all parts, and many asked doubtfully if England will consent to that. Most people believed she would not, at least before the patience of the rest of the Empire should be worn out. But the Liberal party at Ottawa sprang to the rescue, and said they would not. The difficulty, Sir Wilfrid Laurier and his followers, fought the proposal for all they were worth. The people of Great Britain supposed the benefits would be all on the side of the Colonies, and expected to be coaxed to grant the boon, but the making of the offer is strenuously opposed by one of the parties in the Canadian Parliament. Englishmen began to examine the question and to ask themselves which side they wished to win. In Great Britain sympathy in the struggle has been almost unanimously with the proposal for one navy only. They have discovered that they want closer union with the over-sea dominions. To get this there must be many changes. Those changes they are now preparing to make. Leading Englishmen are already organizing an Imperial Council to deal with all matters pertaining to the Empire as a whole. An Imperial Council will soon necessarily lead to an Imperial Parliament of the Empire. This will make the British Empire the greatest political, financial, commercial, and moral temporal power the world has ever known. And although even one year ago it looked as though it would take some years to accomplish it, it now looks as though it may soon come.

It has been much regretted that Canada's contribution to the Imperial navy could not be made unanimously. Certainly it is not a trifling thing that a gift should be made the bone of contention in bitter partisan struggle the country has ever seen. Still good is coming out of the very lack of force in the giving. The reluctance of some has spurred the desire of others. Other parts of the Empire have been caused, and the fight at Ottawa has only hastened very much the fulfillment of the larger plans behind the

idea. There can be no doubt as to the ultimate success of Canada. We know so well the immense benefits that come to us from the federation of the Canadian Provinces. The greater Federation will bring still larger gains. And at last it appears that time is ripe for the fulfillment of the dream. When it is complete, all parts of our scattered dominions will be closely united, not for war as was the dream of Napoleon or Alexander the Great, but for peace and advancement. The possibilities and the benefits of such a union are almost too great for the imagination to grasp.

## News of the Lacombe District

## Rocky Mountain House News

L. W. Puffer left for Lacombe Wednesday morning and will return shortly with a train load of beef cattle for the construction camp.

Complaints are being made that game is being killed by people who are not even settlers of this district. The matter should be investigated by someone who would not be over-zealous.

In a program for extensive telephone development it is to be hoped that provision has been made for a long distance service to Rocky Mountain House. The installation of a local exchange would also be approved.

Jan. Fullerton is arranging to pilot parties from Rocky Mountain House down the Saskatchewan to Edmonton. The trip in itself is said to be most enjoyable and increased interest is added because of the opportunities for shooting and fishing en route. With a bi-weekly train service from Stettler and through Blackfalds to Rocky Mountain House, it is now comparatively an easy matter for outlying parties to reach here and Mr. Fullerton will be a busy man until the close of the season.

The question of roads is a live one in every locality, but is particularly so here, and while there is considerable effort being made towards the opening up of roads in the district, there is too much individualism connected with the movement. A meeting of representative men from the whole district should be called, a definite road program prepared and arrangements made to secure the co-operation of farmers, local improvement districts, town and government. If this were done something would be accomplished in the direction of good roads. The Board of Trade should lead in the movement.

When your child has whooping cough, be careful to keep the cough loose and expectoration easy by giving Chamberlain's Cough Remedy as may be required. This remedy will also help the child to breathe and make it easier to expectorate. It has been used successfully in many epidemics and is safe and sure. For sale by Lacombe Drug Co., Ltd. (3)

## RAINY CREEK

Mr. and Mrs. Andrew Bigam have been having a tussle with measles, but are reported as improving at present writing.

Mildred Carritt came out from Lacombe for an over-Sunday visit with home folks.

Mr. John Nelson visited with friends in Penhold over Sunday.

A good number from here attended the Victoria Day celebration in Blackfalds, and all report a fine time. Rainy Creek as usual won a part of the prizes, getting second money in the baseball contest, and several minor prizes.

Mr. Black enjoyed a visit from his brother near Lacombe Saturday and Sunday.

Thirteen have received a lucky number of J. C. Carritt this month, as he has a bunch of one hundred and seven young pigs from thirteen brood sows. The regular monthly meeting of the Rainy Creek Ladies Aid was held last week at the home of Mrs. Clarence Stanley. Though a very busy time of the year, about fifteen ladies were present and enjoyed the usual good time. The next meeting will be held at the home of Mrs. H. C. Peterson the second Wednesday in June. A cordial invitation to attend these meetings is given to any ladies interested.

M. Meklenberg, A.M., the eminent Eye Specialist, of 315 Jasper St., Edmonton, will again be at the Adolph Hotel, Lacombe, Monday, June 9th. If you value your eyesight see him. (M21-f)

## Red Deer News

A few of the Red Deer sports went to the Lacombe sports on the 24th, and enjoyed themselves immensely.

Mrs. Fred Lund and children have left for a three month's visit to J. B. Lund and relatives in Los Angeles, San Francisco and other points in California.

A good number of members of Lodge No. 12 and Kenilworth A. F. & A. M., took in the trip to Banff Tuesday night, accompanied by their wives. The A. F. & A. M. Grand Lodge is being held at Banff, consequently trips have been or-

ganized from all over the province.

Fred Lund, one of our best local shots, visited Edmonton on May 24th and took part in the open competition of the Edmonton Gun Club, and was successful in winning one first prize, two second prizes and two third prizes, beating some of the best shots in Alberta.

Thos. McKinnon, aged six years, son of Wilfred McKinnon, of Ramsey, Alta., was operated on for obstruction at the hospital recently, but he was too far gone and never fully recovered. He was buried at the Red Deer cemetery from Stone's undertaking parlors on Wednesday, May 11.

It is now well known that more than one case of rheumatism in ten requires any internal treatment whatever. All that is needed is a free application of Chamberlain's Liniment and massage, the parts at each application. Try it and see how quickly it will relieve the pain and distress. Sold by Lacombe Drug Co., Ltd. (3)

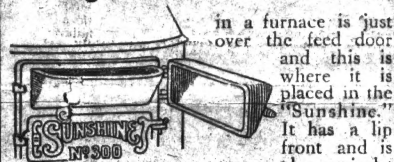

## Death of Mrs. Bryan

Mrs. Bryan, a well known and respected resident of Pleasant Valley, died on Friday, May 23, after a short illness, at the home of her daughter.

Susan Catherine Bryan, was born near Ripley, Ohio, U.S.A., Oct. 14th, 1848, moved to Missouri with her parents in 1864, where she was married to Thomas C. Hance, May, 1870. They moved to Republican City, Nebraska, in 1872, where he died Feb. 10th, 1898. She came to Lacombe, Alta., in 1905, where she died May 23rd, 1913, of heart failure.

She leaves to mourn her loss five children, Mrs. J. F. Dook, Olive, Mrs. J. H. Cassell, Olive, Mrs. Annie Hacht, Olive, Mrs. Lucie Duncan, Napoleon, Neb., and Samuel F. Hance, Olive. The body was taken back to Nebraska for burial.

## RHEUMATISM KEPT HIM IN BED

## Suffered Tortures Until "Fruit-a-lives" Cured Him

McMILLAN'S CORNER, ONT.

"Your remedy, 'Fruit-a-lives' is a perfect panacea for Rheumatism. For years, I suffered distressing pain from Sciatica or Sciatic Rheumatism, being laid up several times a year for days at a time. I went to different doctors who told me there was no use doing anything—it would pass away. They gave me mustard plasters and other remedies that did no good. Plasters took no effect on me—except to blister me and make my skin sore. I took many advertised remedies without benefit, but fortunately, about two years ago, I got 'Fruit-a-lives' and they cured me. Since then, I take 'Fruit-a-lives' 'cautiously' and keep free of pain. I am satisfied 'Fruit-a-lives' cured me of Rheumatism and they will cure anyone who takes them as directed. If this letter would be of value to you, publish it." JOHN B. McDONALD, Leduc, Alberta. I feel it of value to us and to the thousands of sufferers from Rheumatism, Sciatica, Lumbago and Neuralgia. It points the way to a certain cure. See a box of 'Fruit-a-lives' at dealers or from Fruit-a-lives Limited, Ottawa.

## From Mr. Gerling

I would like to inform my nice, high-toned neighbor that I have always paid my way since I came to Alberta, and that I have not lost anything by having me for a neighbor for the past ten years. I cannot understand why he is playing all the dirty tricks he can on me, and allowing his boys to do the same, until my life and property is not safe. Starting five is not a safe thing to do, and he should know it. As to what we will do with our property after we are dead is none of his business.

## BENTLEY NOTES

#### The Royal Bank of Canada BENTLEY, ALBERTA

Sub-branch to Lacombe  
Office hours 10 a.m. to 3 p.m.  
EDWARD J. QUINN, Manager

The Judicial Sale of Land and Hutton's Horse, Sale brought quite a few people from Red Deer and Lacombe to our little hamlet last Saturday, May 31st.

Jack Damron was caught out on the lake with his motor boat in a storm one day last week with a party that had to go ashore while the waves washed over the landing. However, the same party were not disheartened, and on Sunday crossed over to the Thistle Inn for luncheon.

The U. F. A. of Rimby have been hauling shingles from a car which arrived for them at Lacombe recently.

Many hogs are still being hauled through here to the Lacombe market these days, in spite of the lower prices received for same. The West Lacombe district is getting to be a large producer of hogs and cattle.

R. Hutchison is working with a crew grading up the Bentley-Lacombe road, south of Gull Lake, where it is much needed.

J. M. Southward, of Lacombe, was a purchaser at the Hutton horse sale last Saturday. Jack is getting to be quite a trader out this way.

B. E. Williams is trying to wear the roads out with his new car, but there is no use while R. Hutchison is doing the repairing.

One new enterprise on the lake this season that will be of great convenience to the residents and visitors, is "Thistle Inn" store and restaurant recently built and just opened by James P. McPherson, of Bentley. The building is 36 feet long and 10 feet wide at the front, running back to 48 feet wide at the rear, and two stories high. The front has been fitted up with shelves and counters, show cases, scales,

cash register, and everything required to make it an up-to-date store, and is already well stocked with groceries, fruit, and candies. The room next to the store with glass doors opening out on to the verandah, is the dining room and ice cream parlor; back of that is the kitchen with two ranges installed, with a living room, as one side of it, and a refrigerator and storeroom on the other side. There are upper and lower verandahs running from the one end of the dining room around the front and past the other end of the dining room. The second story has eight well finished bedrooms and a parlor at the front, with door opening out on to the upper porch, which commands a fine view of the lake, the numerous cottages, Wieseville, and overlooks the Lacombe road. The proprietor has realized the need of this better service at the lake, and thought this an opportune time to build. The service will include ice cream and short-order lunches, from 7.00 a.m. till 10 p.m., with a "We aim to Please" motto, and we hope that the enterprise will have the support of the patrons of the lake.

## RIMBEY

Mrs. Chas. Townsend, of Calgary, is visiting her sister, Mrs. S. Rimby.

Children's Day will be observed at the Methodist Church next Sunday. A nice program is being prepared for both morning and evening services.

The telephone men began work on the new line last Monday morning. About forty new phones will be installed when this line is completed.

T. A. Killings was called to Lavette last Wednesday to sit with Justice McDonald on a couple of assault cases.

A number of farmers were in Lacombe last week unloading and hauling out a car of shingles purchased by the local organization here.

Mrs. A. R. Coverdale is having lumber hauled from Blackfalds for the erection of an addition to her house.

Mr. Baker is erecting a nice new house on his homestead west of Rimby.

Mr. and Mrs. N. Adamson and family attended the circus at Lacombe last Tuesday.

### Made-In-Canada Train

It will be on its second day out from Calgary, on the morning of Tuesday, June 10, from 8.30 to 10.50, that the big "Made-in-Canada" train with its 14 cars will visit Lacombe. Saturday, June 7, will be spent in Calgary, and on Monday the schedule is as follows:—Crossfield, 8.30 to 10.30 a.m.; Olds, 11.50 a.m. to 2.30 p.m.; Innisfail, 3.30 p.m. to 6.20 p.m.; Red Deer, 7.30 p.m. to 10 p.m. After leaving Lacombe on Tuesday the stop will be Ponoka, 11.40 a.m. to 2 p.m.; Wainwright, 3.10 p.m. to 5.45 p.m.; Daysland, 8.15 p.m. to 10 p.m. The train will be in Edmonton on Monday, June 23. The whole trip will cover 7,000 miles, and 112 towns and cities will be visited along the three lines of railway.

## Clive News Notes

Clive baseball team went to Blackfalds on Victoria Day, and came back victorious, with first and second prizes. They played Blackfalds, 6 to 1, and Ranby Creek 8 to 1. Quite a number went from Clive to Blackfalds for the sports, returning at night from Lacombe in automobiles.

Mr. Fulthorpe, of Winnipeg, is on a visit to his sons here and will stay a while before returning home with his daughter, Miss Fulthorpe, who has been here some weeks.

A. G. Hare, whose house with everything it contained was destroyed recently by fire, is hauling lumber from Clive for a new residence.

The Ladies Aid of the Methodist Church is conducting a play which will be put on some time in June. The money resulting will go to the church funds.

Miss Pearl C. Reynolds and Mr. Reynolds, Jr., left on Friday for Eskine, spending Victoria Day at Buffalo Lake, and Sunday with friends in Eskine, returning home on the 26th.

Mr. and Mrs. B. F. Allison and Miss Esther Allison took a trip into Lacombe on Monday in their Ford. The Rev. E. J. Tate accompanied them, on his way to attend conference at Medicine Hat. During the reverend gentleman's absence, there will be no services at the Methodist Church.

H. M. Trimble, of Lacombe, was a Clive visitor on Monday. The villagers are anticipating much solid comfort from the shingles, for which they have waited some time.

Mrs. Hance, about 60 years old, one of Clive's old-timers, died on Friday. The body was embalmed and on Monday shipped to the family's old home in Nebraska, a funeral service being held here at the residence on Sunday, the Rev. E. J. Tate officiating. Mrs. Hance was a widow, her husband having died some years previously, and leaves to mourn her a son, Mr. Hance, and three daughters, Mrs. Heck, Mrs. Joseph Castles,

and Mrs. J. Y. Donk, the last named leaving on Monday to accompany the remains to the place of interment.

Mr. Hunting, manager of the Quebec Bank, was in Stettler spending his holiday with his parents there.

The Children's League went to Alex for the Children's Victoria Day sports, and came back indignant at not being allowed to compete in the races and games.

Miss Helen Reynolds was the guest of Mrs. Glen McDonald on Victoria Day.

### Spring Valley

Everybody is taking in the U.P.A. picnic today (Tuesday). There is still considerable grain to sow to be cut for green feed.

William Hainsworth is conducting a class in instrumental music.

R. Hall, who purchased the Mahally homestead some time ago, has erected a modern house and moved his family into it.

E. Cate is now comfortably domiciled in his new house.

Mr. Butler and Mr. Butler recently from England, are visiting at R. Hainsworth's.

Mrs. T. C. Makgano is seriously ill at Calgary hospital.

CAR LEAVES RAHS.

SETTLER IS KILLED

Strong, Alta., May 30.—J. E. Thompson, of Bowden, Alta., was instantly killed when the east bound local freight left the rails on a curve two miles west of here yesterday afternoon at four o'clock. He was riding in his car of settler's effects, sitting on the floor with his feet outside. When the front wheels left the steel he was thrown to the ground, the head wheels passing over his body. The train crew escaped unharmed. The stock and goods in the victim's car were unharmed.

AUTOMOBILE TURNS TERRIBLE MRS. J. P. BOUCHER DEAD

Calgary, June 2.—The body of Mrs. J. P. Boucher, of Bowden, was brought to Shaw's undertaking rooms from the town last night, Mrs. Boucher being the victim of a strange automobile accident near her home.

In company with her husband, who conducts a grocery business in Bowden, Mrs. Boucher was automobiling early in the afternoon. The car started up a steep hill, gave out midway to the top of the hill, and the brakes refused to work. The car started backwards down the hill and was soon beyond control.

Near the bottom it swerved into a ditch and overturned. Mrs. Boucher was thrown into the gutter, but the woman was caught under the tonneau and crushed to death.

### C.N.R. Makes

Glen Lyon

Great Railroad Tunnelling Into Vancouver, B. C., is Creating Important New Industrial District.

Canadian Northern surveyors are at work now locating the line of a tunnel, approximately five miles long, which will carry the trains of that line into the great union terminus at False Creek, Vancouver. Incidentally this tunnel will work a terrification along the North Arm of the Fraser River, between Vancouver and New Westminster as great as that which the expansion of the C. P. R. work-along Burrard Inlet. Vancouver is forging ahead industrially at a rate that assures

some remarkable changes within a short time.

Among the fortunate property holders who will benefit materially by this vast development being carried on by the C.N.R., are the owners of lots in the property known as "Glen Lyon," which comprises some of the finest property to be found along the North Arm of the Fraser, and which, according to a recent statement of the C.N.R. officials, will be close to the suburban portal of the C.N.R. tunnel. Vancouver's rapid development has forced prices on nearby industrial sites now available to limits that manufacturers do not feel like meeting. The result of this has been to restrict industrial development to a degree, and the construction of the C.N.R. tunnel will bring the property on the North Arm of the Fraser, practically speaking, right into Vancouver.

The present owners of "Glen Lyon" intend to offer a portion of the property in that available location at auction here very shortly, also at Calgary, Medicine Hat, Moosejaw, Swift Current, Regina, Brandon, Portage la Prairie, Winnipeg, Weyburn, Saskatoon, Yorkton, Edmonton and Lethbridge.

### Camrose News

Dr. J. C. Miller, principal of the Camrose Normal School, left this week for New York. He will return on June 14 to take up the preliminary work of the summer session at Edmonton, of which he will be director.

Rev. Mr. Armstrong, assistant pastor of Central Methodist Church, Calgary, has written the recording steward of the Methodist Church stating that he will be pleased to accept the call to Camrose, subject of course to the will of the stationing committee of the Alberta Conference now in session at Medicine Hat.

Rev. K. C. McLeod, of Stettin, accompanied by Mrs. A. Price, of Camrose, left for Toronto on Monday. Mrs. Price will spend several weeks visiting friends in Ontario. On her return Mr. and Mrs. Price will occupy the house on the corner of Sullivan street and Alberta Avenue.

L. Waster, of Rosetham, Sask., who is staying at the Heather Bree House, says he likes Camrose so well that he intends to sell his home in Saskatchewan and locate here. He says that others in Rosetham will follow his lead, as they have heard much about Camrose and will be guided by the report which he sends concerning the town.

Nelson Beaz, who have the contract for grading the first two miles of the C.N.R. line southeast of Camrose, report that with favorable weather they can have the work completed in three weeks time. The line connects with the Vegreville-Calgary line at a point about one-quarter mile north of the subway.

### Ponoka Notes

Mr. and Mrs. John Hoar left Tuesday on a visit to Ontario. Mr. Hoar is representative of the Presbyterian Church General Assembly, which meets this year in Toronto.

J. W. O'Brien left on Saturday with his telephone construction crew. He has some eighteen men with him, and before the close of the year expects to have covered some 200 miles. He commences work in the vicinity of Delburne, east of Red Deer.

An important meeting of the Ponoka Agricultural Society was held in the secretary's office on Saturday afternoon. The

question of having the grounds put into better shape, more shed accommodation, and other pressing matters were attended to. A deputation is to wait on the town council Tuesday evening and lay the associations' views before them.

John H. Galloway, of the Bank of Commerce staff, has been moved to Glenside, and thus the town has lost another of its most able young men. Jack has been in the local branch of the bank for some two years, coming direct from Scotland. By his musical ability and open, unassuming manner, he early established himself as a favorite in town. As a pianist he had few equals, and his services were much sought after and readily given. In the banking profession he has made rapid headway, and is sure to succeed no matter where his lot may be cast. His leaving our community is much regretted, and his many friends wish him all success in his new location.

### Olds News

The marriage of one of our most popular young ladies, Miss Maime Haldane, to Wm. Kingsley, formerly of Olds, but now of North Portal, Sask., took place in Calgary on Thursday.

The Delburne High School football team defeated the locals here on Wednesday evening by a score of 1 to 0. The visitors played a good combination game.

Carl A. Klein, who was operated on for appendicitis on Saturday, is doing nicely and will soon be out again. Roy Bliss is looking after the Farmers' Co-operative business.

J. Duff, P.D.G.M. and F. L. Landon, S.W. of Mountain View Lodge A.F. & A.M., are attending Grand Lodge in Banff this week. Mrs. Duff and Mrs. Landon are also visitors to Banff.

Mrs. P. Jeffery, who was appointed a delegate by the local Women's Home Mission Society, will be in attendance at a convention of the Foreign and Home Mission Society of Canada, which meets in Toronto, left on Sunday evening last.

### Castor News

Another pocket of gas was discovered at the gas well on the corner of 1st and 2nd streets. The supply was not as large as the one discovered a few days ago, and which continues to flow, but is additionally cheerful evidence of the existence of gas in this district.

Rev. L. E. Macdonald, pastor of the Methodist Church, left on Monday morning for Medicine Hat to attend the Methodist Conference which is being held at that point during the next two weeks, and expects to be absent from Castor for the next ten days. His services next Sunday will be conducted by Rev. H. F. Kenny, who will conduct a union service in the Presbyterian Church in the evening. Owing to the absence of Rev. F. J. Hartley from town, there will be no service in the Presbyterian Church in the morning.

A hundred mile auto race, between a Ford car driven by Orin Welch, of Castor, and an Overland driven by Mr. Flynn, of Coronation, on Monday last, terminated before the race was half completed by a serious accident resulting in the complete ruin of the car driven by Mr. Welch, who was accompanied by W. F. Beamish, formerly of the Advance staff, which burst its tire two miles east of Hangeville, and five miles from Coronation, causing the occupants of the car to be thrown into the air, while the automobile, in turning a complete somersault, landed thirty feet from the place where the accident occurred. Mr. Flynn at once stopped his car, and with the assistance of his companion picked up Messrs. Welch and Beamish, who were taken into

Coronation and placed under the care of the doctors. During the whole of the following day both were confined to their rooms. Mr. Welch in particular being for some time in a very dangerous condition, and who has not been able to partake of any food and was unconscious during several hours after his return to his apartments.

### Alix News

China Estell was in Calgary last Friday attending the sale of the Edward Maurer estate, conducted by the Canadian Credit Men's Association.

On Friday of last week the deal was closed whereby Panucker & Holland took over the bankrupt stock of Edward Maurer, of Miramichi. Mr. Holland will run the business in that town, and left on Monday last to take charge. We are sorry to lose Mr. and Mrs. Holland, but solicit for them the good will of the citizens of our sister town.

Mr. E. B. Mitchell left Monday morning for Calgary, where he will be joined by Mrs. Mitchell, who has been nursing her son, who has had a bad attack of rheumatism, and together they will proceed to Banff to attend the sessions of the Grand Lodge A. F. & A. M., returning home the latter part of this week.

We clip the following from the Calgary Daily Herald: "Mr. William Kraft returned from Erie, Pa., where he was the guest of his brother, Harry, for the past several days. He brought with him souvenirs of the American battleship Niagara, which was sunk in Lake Erie at Misery Bay, 98 years ago, and which was recently raised. The souvenirs consisted of pieces of oak timber which was darkened by the years of burial in the depths of the lake. He left several of these with friends as a remembrance of aim and the old battleship."

Each act of our lives has its joys. Old people should be happy, and that will be if Chamberlain's Tablets are taken to strengthen the digestion and keep the bowels regular. These tablets are mild and gentle in their action and especially suitable for people of middle age and older. For sale by Lacombe Drug Co., Ltd. (1)

### Wetaskiwin Items

About four o'clock on Tuesday afternoon a tragedy occurred in Tofted on the premises of Guy Owen, where a well known local man, Ernest Ingram, died. The man was found lying on his back, but it appears that the blow broke, letting him fall about 30 feet. He was rescued about half an hour later, but was quite dead as a result of gas fumes. The first man who went into the well to rescue Ingram had to withdraw and the second man, with a breathing apparatus, succeeded in bringing the unfortunate young man to the surface.

The many friends of Victor Strom exceedingly regret to learn that he succumbed at Banff on Sunday, where he went some time ago to seek relief from tuberculosis. He was an estimable young man and highly respected by all who knew him. He was aged 26 years, and leaves a sorrowing mother and brother. The remains arrived at Wetaskiwin on Monday, and were laid to rest at the Rosedale cemetery, near Gwynne, on Tuesday, the ceremony being conducted by Rev. O. H. Schmidt. We join in extending the deepest sympathy to the bereaved relatives.

Mrs. H. J. Montgomery is to be heartily congratulated on the popular wins which she made at the Alberta Musical Festival held in Edmonton this week. In the soprano solo competition, Mrs. Bernard Maxwell, Edmonton, was awarded first, with Mrs. Montgomery second, but the judges recommended that two medals be awarded to the first two, as they were very

close together, and the regular second prize will be given to the third. In the night singing Mrs. Montgomery was awarded first honors and was deemed the only contestant out of six worthy of being credited with sufficient points to win a prize.

### Coronation News

At Coronation celebration, just immediately the last event was finished, and while the crowd was on the track opposite the grandstand, an auto, driven by a lady, Mrs. Gillman, of Consort, crashed into the crowd, scattering them in all directions. Three people were knocked down, two severely injured, and a boy, an old lady, being run over, but not broken, bruised considerably and receiving a very severe shock. Mr. Clark, of Coronation, also was run over and very badly bruised, and out about the head. Both were taken to Clark's private hospital in Coronation. The injured Mr. Clark is the owner of the institution. Mrs. Piper is fully 60 years old. Mrs. Piper had her ticket purchased and was leaving on a visit to England on Monday first. It is understood this is only the second time Mrs. Gillman ever drove a car herself, and she lost her head when she knocked down the first person. Fortunately Doctor Hulbert and Armstrong were in the grounds and gave instant attention to the injured.

Probably the only contest of skill which involves actual contact between the contestants which is rigidly governed as to fairness is the boxing game. In this, a foul is a thing so utterly forbidden that a foul blows forfeits the bout. Not only that, but the striker of a foul blow, the contestant who deviates in any way from the strict rules of the game, loses, not only the fight, but his reputation as well. The man who would be guilty of a deliberate foul in boxing, such as is seen in practically every game of lacrosse, football, or hockey, would not only be put out of the ring by the referee, but would become the subject of a cordial and loudly expressed disapproval by the spectators. Boxing is perhaps the only rule of the game are so rigidly insisted upon, and so rigidly adhered to.

### Many Japanese Performers

Greatest Japanese Troupe in the World Here With the Robinson Circus.

Beyond all question the greatest troupe of Japanese in the world are with the Yankee Robinson circus. This Japanese troupe were imported to this country last season for the New York Hippodrome, where they appeared for thirty weeks. They were then engaged for the Yankee Robinson circus and made their grand tour of the world under a circus tent. This Japanese troupe immediately went back to Japan, left the port of Yokohama on March 27, landing at Seattle April 12, going direct to the circus winter quarters. They are in this country by permission of His Royal Majesty the Emperor of Japan. This circus will be in Lacombe on Friday, June 13.

### Luther McCarthy's Death

The accidental death of Luther McCarthy during his participation in a boxing match at Calgary has proved the signal for all the mushy sentimentalists throughout the country to let fly their vocabularies and theories of the "brutal" and "degrading" practice of prize fighting. As a matter of fact, there have been fewer fatalities in the boxing game than in any other form of athletics I know—unless it may be ping-pong or auto racing, of which I must confess I have no expert knowledge, and am therefore unable to speak with authority.

It appears to be established as the result of an official inquiry that the death of McCarthy was the result of accident, pure and simple. If it had been a street car accident, the opinion of the coroner's jury would have been accepted as final. No one would have been arrested, and no one would have been held responsible. Above all, no one, in the face of the finding, would have been arrested and held for trial. The fact that men who are admittedly innocent of any possible part in the death of McCarthy, who have been proved, before a jury to be clear of any blame in the matter, have been arrested, is due to a pandering to a wicked element of would-be-goodies, who have no idea of what constitutes a man, and who think that the present is a really good

opportunity to discipline the boxing game by giving it a real hard slap on the wrist. These same would-be-goodies go into spasms of delight when a foul and gets away with his dirty work without the referee seeing him. In a lacrosse game these same kid-glove, civility and glass-of-milk sports cheer with delight when one of the team whose cause they are espousing from the sidelines, always gets a good crack at his check and puts him out of business. In these sports they take a foul as a matter of course. If their own side manages to effect it without detection, they are delighted. If it happens to be caught by the referee, whether it be in football, in lacrosse, or in hockey, it is punished by a trivial penalty. Who ever heard of any of these games being awarded to a team because of a foul? Yet does anyone advocate that they be abolished? Not at all.

Probably the only contest of skill which involves actual contact between the contestants which is rigidly governed as to fairness is the boxing game. In this, a foul is a thing so utterly forbidden that a foul blows forfeits the bout. Some of the comments on the lamentable accident above referred to give one that sinking feeling, which always accompanies the perusal of the mushy utterances of alleged males privileged by nature to abstain from shaving.

### BLACKFALDS

Mr. Jack Innis was a visitor to Red Deer last Thursday. There was a nice shower of rain here last Friday night; it certainly did not come amiss.

Mrs. Kenworthy and daughter arrived here today from England on their way to join Mr. Kenworthy at the Mountain House.

The boys are talking of taking a baseball and football team to Ponoka on the 10th.

We hear that there is some very good fishing to be had in Jack Fish Lake, about three miles from here; there is good bathing and boating as well, and the location is pretty. There is no reason why it should not be made a summer resort, and with a little boating it could be made one.

Mr. Curry is getting a nice three-seated democrat for transfer work between the C. P. R. and C. N. R. He informs us that business is increasing every day.

A good drug store would be a paying proposition here.

Mr. R. B. Welliver, the recently defeated candidate for Red Deer, gave us a call the other day. He thinks Red Deer is certainly going to move some this summer.

Mr. Fraser, of the firm of Fraser and Gnetz, came in yesterday on his way to the Mountain House.

Travel was again very heavy last week between this point and the Mountain House.

There is some very good fishing to be had these days down at the Point, where the Bladman river runs into the Red Deer.

There is talk of a Mounted policeman being stationed here permanently.

Mr. Curry is holding an auction sale at his farm at Pleasant Valley tomorrow. He moved into town Tuesday to look after his interests in his lively stable.

Land sowers are very numerous these days. They certainly know a good part of the country when they see it.

An example of the enterprise of some of our cream selling farmers is shown by the following card of thanks:

E. B. Bradbury wishes to thank the party who so kindly milked his cows on Sunday night. He hates to trespass on their kindness, but would be glad if, on the next occasion, they would send him a little separated milk for the calves.

### WITTENBURG

We are having splendid weather at the present time. The farmers have their seeding all done and the crops are coming along fine and everybody is feeling good.

Messrs. H. and G. Eastburn and family departed for Freeport, Iowa, where they are going to reside for a term of three years. They will be missed by their many friends. We wish them good luck and will be glad to see them back after they have had their visit.

The crematory is doing quite a big business, and it is a good thing. E. W. Light, postmaster.

his marriage for an indefinite period. But A. L. Boyer is up against the real thing, two young ladies having secured the lucky number in the late lottery contest, and it's hard for Link to decide which one, as they are both pretty and will make good wives.

Mr. and Mrs. Mark Lampman and son left for Vancouver last week. We are sorry to lose them and hope they will return soon.

While Jud Simmons was in the store his team ran away. No damage was done, however, as a buggy ahead stopped the horses.

Miss Clara Simmons is clerking at Lee's store for a few days.

### ECKVILLE

Mr. G. Seistrup has put in a lumber yard and will have a full supply of all kinds of lumber, including doors, windows, and finishing material.

Mr. Wm. French left on Saturday with a load of lumber for Mr. G. Gustafson in two days. A good flow of water was obtained, the water rising in the pipe about fifteen feet.

The barber has been kept busy since opening for business, and many have parted with their wild and woolly appearance.

The restaurant on the corner of Main street and Railway Avenue will be open for business the first of June.

Mr. Wm. French left on Saturday for Calgary on a short business trip.

The celebration held on Victoria Day was a great success. The weather was fine and the attendance exceeded all expectations.

Many came by special train from Leslieville, and others drove from Lockhart, Gilly, Pitocot and Evans. The main feature of the afternoon was the baseball game between Leslieville and the home team, which resulted in the defeat of Leslieville by a score of 13 to 5.

In the horse race J. Clanton won first and E. Parmeter second. The dance in the evening was well attended, the hall being filled to its utmost capacity.

Messrs. Kinna, King, Lill and Turner supplied the music to the satisfaction of all.

## Rev. T. Powell Honored

His many friends in Lacombe will be pleased to hear that Rev. Thomas Powell, formerly of this town, has received the greatest honor in the gift of his church, by being elected as head of the Alberta Methodist Conference.

Mr. Powell is one of the most able ministers in Western Canada today, and from one end of the Province to the other is to be found evidence of the good that he has accomplished since coming to the far west, in the early stages of its history.

He is considered by his fellow ministers and by his host of friends as a power in the Methodist Church of the west.

Rev. Mr. Powell came from Almonte, Ont., and is what is called a self-made man. In his youth he left the employ of the Thoburn Woolen Company and, after strenuous study, prepared himself for the university.

In the little town of Almonte he was respected and admired by everyone. Every time he preached the church was filled to the doors, all eager to hear "Tom," the name by which he was familiarly known.

He finally graduated and afterwards left for the west to take up his ministerial duties.

Before leaving Almonte, Mr. Powell married Miss Annie Bray, the daughter of the late Geo. Bray, Almonte. Together they came to Alberta, where the country was raw and new, and since that time he has been pastor of churches in nearly every part of the Province.

Reg. Mr. Powell has been largely influential in the growth of the Methodist Church in the far west. He has been pastor of the Methodist Churches in Olds, Maple Creek, Lacombe, and Grace Church, Edmonton.

In many places where he has pastored, he has a large congregation.

## The Gull Lake Road

The Board of Trade would do well to call the attention of the Government to the bad state of the Gull Lake Road. Although thirty thousand dollars have been spent of this, eight miles of road during the past few months, it is in anything but a fit state for travel.

If it is not soon attended to most of this great expenditure will be wasted. At the present time the roadway is high and dry, and there is a foundation for a good highway.

The rocks, however, are working to the top, and are a great hindrance to traffic of all kinds. What the road needs now is a good men with shovels to fill the ruts and bury the stones.

The drag at the present time does more harm than good, bringing to the surface stones that might otherwise have been down, and making the road almost impassable.

A lady after living here a few months, remarked: "Why, you do not seem to be afraid of a tornado or cyclone or blizzard or anything else here, do you?"

We do not know the blessing of this, but people who have spent their lives in almost daily fear of storm or flood, realize what the absence of that fear means.

A stranger listening to a farmer here complaining of a poor crop, remarked that if he had such a crop at home he would call it a "bumper" crop.

We envy others who are, and are not, and in a more favorable place for fruit, when one remarked that the extra amount of grain that would grow here as compared with the cheap fruit point, would buy the fruit several families could use.

We need to wake up to the fact that we are not as well off as we should be. Lacombe farmers are selling for twenty dollars an acre land that would bring forty if properly advertised.

Men are paying forty for less productive land not so well situated. If they only knew of it they would come here in preference.

People buy where crop failures are frequent; if they knew we never have a failure many of them would be here.

In short, uncounted thousands are living elsewhere under severe disabilities and do not know or believe that there is a place on earth where they can be free from those disabilities.

We take it for granted that our advantages exist elsewhere. They take it for granted that their disadvantages exist everywhere.

There are so many not so artists booming worthless propositions, at which so many laugh, that we are bluffed. We are afraid to tell what we have lest we be laughed at for our hot air.

Our tenacity has just about cut our land values in two. The knackers have our boosters frightened to death, and we are all mum or growling.

Bury the knackers out of sight and tell what the country really is and Lacombe will come into her own.

When Queen Victoria came to the throne, rebellion was imminent in England and actual in Canada. Had a dithering or a despairing government then succeeded, there is no saying what might have befallen the Empire.

But like a fairy's wand, the girl queen's sceptre seemed to change the scene by a rapidly moving picture to one of contentment and loyalty.

Great men and women arose whose mission it was to right the wrong and release the oppressed, and their work still goes on. The queen took her duties so seriously that she set a new fashion in the matter of

kingship. Today more than of old kings recognize their duties to God and the people.

The latest and most characteristic utterance of King George speaks the mind of the age which Queen Victoria inaugurated.

"The preservation of peace is my fervent desire, as it was the chief aim and object of my dear father's life." It was a good and great thought to give to our Canadian Victoria Day, the new name of Empire Day to be observed as such throughout the red parts of the world, and thus to stretch hands across the sea to all who own the same King and flag.

It is, it seems, through the great courtesy of other people observed with remarkable fervor in regions that are not British.

For British subjects to flap the flag in each others faces with taints is not to think impartially, but is the worst form of separatism. Nor is it loyalty to cast doubts on our fellow subjects of other hue. Nor is it nobly British to challenge for our own people and power the enmity of other nations by claims and claims of supremacy.

Strange how the most beautiful flag-wavers are the readiest to alight their fellow subjects of other races and to stir up animosity of kindred peoples who should be our warm friends. To think imperially is to brace our whole being to the furtherance of the welfare and fellowship of the whole realm, to glory in the service that reality can render to the world and in the good will it can, and indeed does, promote in it, and to court the love of all peoples and the fullest and kindest intercourse with them.

This has been the true task of our noble breed of empire builders, and though much else has been done more slowly last less productive, it is this which has brought forth fruit to greatness.

Days of high speed progress and unprecedented prosperity are days which call for a special warning. The Earl of Minto, the active imperial promoter of the observance of Empire Day, recently said that he saw in all classes of society diminution of that virile spirit which makes light of pain and physical discomfort, and rejoices in the victory over adverse circumstances and which regards the performance of duty however

difficult and distasteful, as one of the supreme virtues of all true men and women." This discouraging view may be in part due to an old man's natural preference for days gone by. But it is true that in these days of abundance, there is a manifest departure from the old simplicity and virile purposefulness and a waste of much interest and young energy on things of no significance such as spectacular sport. If there is a less positive piety in these days, it is, no doubt, due in large measure to the general scramble for wealth to the consequent moral aimlessness, and in a measure to the conditions of transition which are before our eyes shaping a new world out of the old. It should be ours to think great thoughts and to see to it that we hand down not only unimpaired, but enhanced and fortified, to a greater generation the noble inheritance of our ancestral traditions.

## Beautiful Lacombe

To the lover of the beautiful, Lacombe at present leaves little to be desired. The crest of the high land to the west dotted in the distance with the young poplar leaves, beyond that, the inclined grassy plain is certainly pleasant to look upon. To the east the view is longer, but no less captivating. The interspersed of wild grass, timothy meadows, grain fields and clumps of trees in varying shades of green, framed in the distance, about as far away as the eye can discern colors, by a ridge of hills covered with poplar, balsam of Gilead, and spruce trees, makes a picture that is not only beautiful but seems to add a new element to the fullness of life. Within the town the many who in days gone by have planted trees and laid out lawns, are now reaping the reward, while those going back and forth between home and business places, instinctively follow the streets most adorned in this respect.

An unusual sight for Alberta has been witnessed at the Experimental Farm during the past week—a number of apple trees in full bloom. It gives some idea of the possibilities of the district in this line. There are a considerable number of them, and the Huttons are setting out ten thousand seedlings this spring to demonstrate, on a large scale what may be done.

On Thursday evening last, the Lacombe baseball team journeyed to Clive to play a game with the team of that town. Quite a crowd accompanied the boys from Lacombe, and with the fans of Clive, made quite an audience. The game was a very good exhibition, with the exception of one or two innings, when several errors and wild throws, noted Clive four runs. However, the Lacombe nine got busy at the bat and won out by a score of 8 to 7.

The Clive team will play a return match here tonight, and there should be a good game. The citizens should turn out in good numbers and help boost the local team. The game will be played on the new diamond across the C. P. R. track. Game called 7 p.m. Everybody come.
